January 2010

We are pleased to announce the continuation of Sunny Harvest Farms CSA, between Wynnorr Farm and a group of local Amish farmers. In addition to the Stratton family this partnership includes eight local Amish families from Lancaster County. Most of these are young couples with children who are looking to diversify their farm operations and provide opportunities for their families.

For an in depth description of the role, purpose and benefits of a CSA please read the following article from Local Harvest - <http://www.localharvest.org/csa.jsp> .

The season will run from mid-May to October 30th 2010. This venture is *in addition* to our regular market. We will continue to operate the Wynnorr Farm produce market as always.

For our third season we are offering a 24 week subscription beginning in mid-May and continuing until late October. Each week we plan to include an average of nine different items for each member share. We will also be including local peaches in the late summer and local apples and apple cider in the fall. Seasonal Produce will include more than 50 types of produce over the course of the season. Not all items will be included each week.

Whenever possible, produce will be grown using naturally grown or organic methods. A full list of this year's planned crops is listed below.

We will again include our very popular specialty items such as homemade mustard, jams, cut flowers and baked goods over the course of the season. At this time we are not offering "pick your own" produce.

The cost for this season for a full share is \$750.00 paid in advance. We are also offering half shares for \$390.00 paid in advance. A half share is picked up once every two weeks, receiving the same items and amounts as a full share that day. We are offering a variety of Payment Plans and Options this year, so please study the attached Pricing Plans carefully. Payment discounts are offered for early payment at time of registration for some plans.

Memberships are available on a first come first served basis. By joining now, your family receives a summer of fresh local produce at a guaranteed low price.

Our third season will include 24 weeks of produce with approximately 8-10 items each week. Missed pick ups will not be refunded. Shares are non transferable without our permission. You may split a share with a friend or neighbor as long as all produce is picked up together at the same time. Membership Card or Photo ID must be presented to pick up your weekly share. If you are on vacation, you may send someone (with your membership card) to pick up your share. Please note we are offering a Vacation Plan Option – see attached for details.

Your once weekly pick up will be at Wynnorr Farm, unless we are able to arrange for other pick up points. If you are interested in helping sponsor another pick up point, please give us a call – 20 share minimum required for a separate site.

Please be aware that most of the crops are weather sensitive and the control of the weather is out of the farmers' hands. Therefore some crops may not grow as expected and be available, if the weather does not cooperate.

Your share will hopefully include seasonal produce from the selection below. Not all items will be offered each week. Remember that unlike a supermarket chain, a CSA or farm market does not have all types of produce available each week.

If you are interested in being a member of Sunny Harvest Farms CSA please fill out the [registration form](#) and return it to us as soon as possible. If you have additional questions feel free to call us at 610-399-9080. If we are unable to answer the phone please leave a message and we will return your call as soon as possible.

We look forward to hearing from you soon,

Joe, Laura, and Hannah Stratton
